Dear Wendy R. Dixon 1-10-00

1. Yucca mountain is built on a fault zone.
2. You cannot Guarantee the Safty of me and my family in the transportation of the High level Radioactive waste.
3. water has risen in the past and most Likely will do so in the future.
4. my family is not an Experiment and we are not Expendable.
5. With All the technology we have we must find a safe solution for Everyone.

for our children for us please Oppose opening Yucca mountain for Shipments of High level Radioactive waste.
