Dear Ms. Dixon:

1 It like I understand that a Repository must be provided in Yucca Mountain to dispose of spent nuclear fuel and high-level radioactive waste, there is absolutely no reason whatsoever for Spent Nuclear Fuel and High-Level Radioactive Waste to pass

2 through the State of Illinois en route to its destination.

I am 100% against the transportation through our State en route to its destination.

Sincerely,
(Mrs.) G. A. Kamm
