Bill Richardson,

I am writing you in regards to the Yucca Mountain plan. I am entirely opposed to the plan to transport ~~wastes~~ to the Yucca
1 Site or to store nuclear waste there. It is dangerous, and the Native Americans in Nevada do not deserve any more nuclear stuff considering the Test Site. We need to stop producing more nuclear
2 waste and then store what we have on site where it can be monitored as safely as possible. Thank you for any support you can give into stopping the Yucca Mountain plan.

Sincerely,

Kristin Frith
