Re: radioactive waste shipment to Nevada

Dear Ms. Dixon:

1 We live approximately 1/4 mile from the Union Pacific tracks on which Nuclear Waste Shipment may be traveling

As we raised our three sons our priority was their best interest and safety. Our selection of this area, and school district, was made very, very carefully and believed (until now) that we had accomplished our goal.

Our sons are grown now and two have families living in the Kirkwood area. (1)

1 cont.

EIS001850

Please, please do not ship this Nuclear Waste thru this heavily populated area and endanger all of our children and grandchildren.

Very truly yours,

James & Janet Kirkman
11906 Lillian Ave.
Des Peres, MO 6313,

2 P.S. In the future, I would hope that provision would be made for the Nuclear Waste to remain in the area where it is generated - thus no dangerous transporting.
