Dear ms. Dixon,

I am a student at Rose Mary Clarke middle school. My name is Candice Hott, I am in the 8th grade. My teacher has been teaching us about Nuclear energy. It has come to my attention that if you store the Nuclear waste at Yucca Mountian Some way, Some how we Navedans will be exposed.

1

Both of my teachers Ms. Tronnier and ms. Peterson have been talking about ways we could be harmed. What if the truck transporting nuclear waste flips over? What if theres a spill? what if the wind was blowing and there was a spill? These are just a few of the things that

Could happen. My whole
class is very concerned. I hope
you will reconsider putting the
waste in Nevada. Think about
the children and how they
could be harmed.

Sincerley,
Candice Kott
