Dear George W. Bush,

I am deeply concerned about the nuclear waste storage in Yucca Mountain idea Being not to far away from where I live, I speak for many who feel the same way. It is somewhat of a good idea to put nuclear waste in Yucca Mountain but what what if an earth-quake happens, or a terrorist wants to blow it up, the explosion would be more powerfull than in Hiroshima. But then again where can you store nuclear waste. Just maby stuffing it in a mountain is not such a good idea.
