Dear Sirs or Madame,

RECEIVED
SEP 24 2001

I oppose the Yucca Mtn. site for a repository for nuclear waste -

My granddaughter goes to a elementary school 500 feet from the R.R tracks that would carry the waste to the Yucca site.

St Louis, (Webster) Mo. had a derailment 2 mos ago and the potential is always there. I have other children and grandchildren who live within 50 ft of the track -

Sincerely,
Emily Roseman
