I felt that the tour was a success. I believe that my questions have been answered and that I don't have as much of a concern about the Yucca Mountain Project. I felt as though the Yucca Mountain staff was very cooperative and easy to get along with. Dan Kane was a superb tour guide, He seemed to know the answers to many questions and that made my trust and my confidence grow in him as a tour guide for this tour today. The bus drivers were safe and they made my confidence wax strong as we traveled between Caliente to Las Vegas and then from Las Vegas to the "YMP." I thank them for their safe maneuvers through Nevada's desert highways. Betty was sure kind to us, she made us feel welcome and happy to be on the tour. It just made things so nice. We had no real troubles except for I got lost in the moment that we were supposed to go through the tunnel. The man that was in charge of the tours kindly showed me on my way. I appreciate greatly high class people in their manner of conduct and I would gladly go on another tour.
