23 MS. LISI: I'm not a speaker. I just have

24 comments about Goldfield, Nevada.

25 You're in a very historical town, at one time was

1 the largest city of Nevada, about 20,000 people.

2 This Goldfield is the county seat for Esmeralda

3 County. Approximately 400 people live in Goldfield and

4 approximately 1,400 in the County of Esmeralda.

5 And in Goldfield, there are about a third

6 seniors. We are seniors here, about a third of us, and some of

1 cont. 7 us live on the street here, 95. Could be exposed, and

8 Esmeralda County has been excluded and left out on many

9 reasons, maybe population or taxes, and we have a bad curve

10 going south and have had trucks turn over and one bad accident

11 could ruin this town.

12 So please consider this town as you make your

13 decision on nuclear waste coming through Goldfield, Nevada.

14 Thank you.

15 MR. LAWSON: Good. Thank you.

16 MR. SKIPPER: Thank you for your comment.

17 MR. LAWSON: Mr. Lisi, hi.
