Comments: (If possible, please reference section number and/or page number in document if applicable.)

I attended a public mtg in Caliente, NV Nov 9 - DEIS Mtg I believe. I was very impressed w/ Bob Halstead's remarks & also glad to see that one of our county commissioners had the courage to unmistakably declare his views AGAINST Lincoln County becoming a major handler of nuclear waste & reflecting the (people) of this county's opinions. Please let it be known, I am highly opposed to the trucking of nuclear waste from Caliente to Yucca Mtn. I also am against it being transported over our main RR system - all over the country & deposited at Yucca Mtn, where our towns are down from the contamination it could cause at our water sites. Please go back to the drawing board & rethink these things.

Mary C Prince, 22 year resident of Panaca, NV.

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the Department of Energy by February 9, 2000. To the extent practicable the Department will consider comments received after February 9.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible; then secure with tape.

P.S. I appreciate the way you have sought out public opinion & even here, you make it easy to send in our comments! Thanks!
