MS. TERMINEL: Terminel. Sarah Terminel.

1 [I think that you're going to have problems when you put 70,000 metric tons of nuclear waste in a mountain. I have never been to Yucca Mountain, but when I do go one day, I don't want the thought in my head that I'm visiting a dump site.

I have lived in Nevada all my live, and I don't like this idea, and I hope that you consider another place.] Thank you.
