

16 RECEIVED

17 NOV 09 1999

MS. LAWRENCE: My name is Susan Lawrence?

MR. LAWSON: Lawrenceson?

EIS000675

18 MS. LAWRENCE: Lawrence, L-a-w-r-e-n-c-e.

19 I just feel compelled to address something that
20 Mr. Elkins said about emergency medical technicians here in
21 Lincoln County.

22 I have been an EMT here for ten years. I was
23 trained in Lincoln County, and we are very highly trained
24 individuals, very skilled, and he referred to us as being no
25 more than just first responders or trained on a first aid

1 level. That's not true.

2 We can place IV catheters. We can intubate. We
3 can defibrillate. We can deliver life-saving drugs, and I
4 would not feel right about these individuals that live here
5 leaving this room feeling a lack of confidence in our skills.

6 MR. ELKINS: I concur.

7 MS. LAWRENCE: I think he owes us.

8 [In regards to that, we are in no way trained or
9 do we have the equipment to deal with any kind of emergency
10 situation to do with this nuclear waste if any kind of exposure
11 were to happen, and I -- I think that as other people have said
12 in this meeting, that needs to be addressed in the
13 Environmental Impact Statement] and I thank you.

14 MR. LAWSON: Thank you.

15 ~~I want to thank you all for your participation~~
