Subject: Yucca Mountain Proposed Dump

SEP 26 2001

Part of Records Package / Supplement / Correction

Attn: Ms. Carol Hanlon, DOE

I am strongly opposed to setting up a radioactive waste dump at Yucca Mountain. Thousands of public comments on the Draft Environmental Impact Statement have not been addressed. The Dept of Energy lacks the basis for consideration of the suitability of the site until there is a Final Environmental Impact Statement, a detailed transportation scenario or a licensing rule. We care about a healthy environment and beg you to abandon the Yucca Mountain Project rather than proceed with such a flawed process.
