Part of Records Package / Supplement / Correction

Ms. Hanlon,

I urge you to recommend the Yucca Mountain site for approval. The DOE has a responsibility to take ownership and control of our nation's spent nuclear fuel; the public has paid for it, the utilities have collected the fees and given them to the government, now it is time for the DOE to do their part. Again, I urge you to recommend the Yucca Mountain site for approval.

Sincerely,

Peter Sanders
